Blessing

fruit crystal
(Vitamins for Moms)

Superconcentrate for women's health

A brief description of the product:

Wish to keep your female health in balance? Expecting a baby or already lactating? Or have you tried absolutely everything you could to have a child with your partner but haven't succeeded yet? Whatever your condition, our super fruit concentrate can help you maintain your female health, restore your hormone balance – and beetroot's folic acid helps you with lactation. Moreover, it tastes superb, so you may even take it as a dessert.

Ingredients

beetroot, carrot, pomegranate, maltodextrin (made from corn), elderberry, sour cherries, raspberries, pineapple, bilberry, blackcurrants, sea buckthorn, apple

Antivircomplex

fruit crystal
(Outstanding antiviral effect)

It is a mixture of plant concentrates that contain the active ingredients in the most intense form possible, which motivates the immune system to start resisting even when the invading viruses still want to hide and hide. A highly preventive blend that can possibly prepare the body in advance to repel various viral attacks.

Ingredients

rosehip, elderflower, maltodextrin (extracted from corn), black elderberry

Elderberry:

Elderberry is growing on a wild flowering plant. Its small, dark purple fruit is a commonly used plant remedy, but also an excellent ingredient to make jams or juices.

The berries are extremely rich in essential vitamins (C, A, E, B1, B2, B3), minerals, amino acids, proteins and flavonoid compounds. Its healing potential – as a general immune system and resilience booster – stems from the synergistic effect of its active substances. Elderberry promotes healthy immune reaction against unwanted organisms, especially against influenza spread by viruses A and B. As it may improve antioxidant status and the immune system, elderberry consumption has a beneficial effect on your health.

Pomegranate

fruit crystal

Pomegranate is the natural vitamin for women

Pomegranate is the “natural vitamin for women before and after giving birth”. It sorts out female hormones so it is recommended in particular before conception and during pregnancy. With its outstanding antioxidant content it slows down the ageing process and can even restore damaged DNA. Its active agents protect the liver and kidney from toxins and it helps patients fight against tumours.

Ingredients

pomegranate, maltodextrin (made from corn)

Organic Yam

powder

Would you like a spoonful of sunlight on a cold winter day?

The tubers contain starch, proteins, fats, amino-acids, saponins, vitamins and 31 different trace elements. The best DHEA hormone source from which progesterone of the same chemical structure as the progesterone produced by the human body can be extracted, so it can help balance your hormones. Yam tubers have been used in traditional medicine for centuries in treating gynaecological problems, easing spasms and alleviating inflammations. It fortifies the gallbladder, the lungs, the kidneys and has a diuretic effect. Even age-old Chinese books on herbs note that it is good to the skin and hair, making them more beautiful. It stimulates glands of internal secretion and reduces blood sugar. In one survey the Taipei Medical University identified its rejuvenating effect.

Ingredients

100% organic yam*

*Our product is made exclusively from raw material from Mátyás Nemes's organic farm – verified by Biokontroll Hungária (HU-ÖKO-01) – is used.

Toddler Maxx fruit crystal

SUPERCONCENTRATE FOR CHILDREN (8 months old and up)

Further customized our Toddler Max FRUIT CRYSTAL to fine tune the ingredients to the needs of children this age.

Our TODDLER FRUIT CRYSTAL is recommended to the nursing mother as well since the baby can take advantage of the product through breast feeding. The secret of our product lies in superbly high quality, chemical-free ingredients processed in multiple stages, in low temperatures, making sure that all the valuable nutrients and minerals remain in the crystals. In addition, the components improve each other's absorption in a synergic manner. This product is very popular among kids because it is really tasty. The formula was developed in collaboration with pediatricians and district nurses.

New mothers can also benefit from the positive effects of this product.

Ingredients

apple, carrot, pumpkin, beetroot, sour cherry, orange
maltodextrin (made from corn), lemon, grapes

Red Lion

vegetable crystal

A superconcentrate mineral supply

Can't eat enough vegetables day after day, even though you know that it would do your body good because stress consumes all of its minerals? Or do your children refuse to eat enough vegetables, even though they would need them most for healthy growth? Here's our solution: our vegetable crystal is very tasty indeed, so you can even take it as a dessert, while replenishing your body with all of those essential minerals so you can keep going throughout the day, day after day.

Ingredients

pumpkin, celery, maltodextrin (made from corn), carrots, tomatoes, garlic, onions, parsley

Pumpkin

This super plant is extremely healthy, rich in nutrients, vitamins and minerals. A rich source of vitamins A, B1, B2 and C, as well as minerals such as potassium, calcium, magnesium, phosphorous and iron. Its high beta-carotene content gives it the characteristic orange colour. Beta-carotene is the provitamin for vitamin A. Moreover, carotene reduces the risk of cardiovascular diseases and contributes to balancing the cholesterol level. Its high vitamin C content makes pumpkin an excellent source of antioxidants. Rich in fibre, it loosens the stool, cleaning the digestive track and removing faeces from the colon, improving and accelerating metabolism.

Who are We?

"We founded MagMaxx because we wanted to protect the health of our families by creating chemical-free all-natural products"

Magmaxx Team with our lead dietitian and the contribution of pediatricians, manage to concentrate the freshly picked, hand-selected, chemical-free fruits and vegetables into crystals to preserve all the beneficial nutrients, vitamins and minerals.
